Friday 12th July 2024

Dear Parents and Carers

## Your Child's Report 2024 - Year 6

I am delighted to enclose your child's report for this academic year. I would like to take this opportunity to provide further context about the report and our approach. The report focuses on the learning and progress that your child has made across the academic year in all areas of the curriculum. We believe that this report shares and celebrates both your child's academic achievements alongside their own personal development and growth over the year.

Your children have worked incredibly hard towards being the very best they can be and we could not be prouder of the continued resilience and positive attitude towards their learning they have shown. It is important that you are kept fully informed of your children's progress and attainment so that we can continue to work in partnership to enable each child to reach their full potential as we move into the next school year.

Attached to your child's report is their attendance over the past year and their end of KS2 assessments, with an explanation of what each score means.

Should you wish to discuss your child's report with their class teacher, please contact them directly using the [class@riversideprimary.co.uk](mailto:class@riversideprimary.co.uk) address and you can organise a mutually convenient time.

I would like to take this opportunity to commend your children on all their hard work this year. I wish you and your children a very restful summer break and a smooth and successful transition to their secondary schools.

Yours

Mrs Claire Smith  
Headteacher
