Year 2 Fruit Tasting

Dear Parents and Carers,

As part of our Design and Technology unit on *Preparing Fruits and Vegetables*, the children will be creating a tasty and healthy Christmas snack in school. To help them decide which fruits they would like to include, the children will have the opportunity to try a range of fruits, including:

strawberry, kiwi, pear, banana, grapes, orange, and mango.

Please let us know by **Tuesday 11th November** if your child has any allergies or intolerances to any of these fruits via the class email address.

Thank you for your support.

Kind regards,
Year 2 Team
